Additional Information

The outstanding amounts of credit in this publication are those collected by the central credit register, i.e. of a unit amount of more than 25,000 euros. These outstanding amounts include drawn credits, which means those actually used, and the undrawn credits, unused lines of credit. Individual data are grouped according to the size (larges firms, intermediate-sized enterprise - ISE and small and medium-sized enterprise - SME) and the sector of businesses. Businesses that cannot be assigned in a size category according to the criteria of the LME (Loi de Modernisation de l'économie) are included in the category "non-trading real estate companies and others".

Additional data on SMEs, interest rates by size of enterprises, and share of less than 3 year old enterprises (excl. sole proprietors) in the total of enterprises, are available at the following address: <http://webstat.banque-france.fr/fr/browse.do?node=5384417>

Outstanding amounts of credit to micro-enterprises (incl. sole proprietors), come from another data collection and are available at the following address: <http://webstat.banque-france.fr/fr/browse.do?node=5384934>

Non-financial corporations include all enterprises with as main activity the market production of goods and non-financial services, excluding sole proprietors.

Interest rates in this publication are those to new credits distributed by resident credit institutions to French non-financial corporations. The interest rates are effective rates in the narrow sense. They correspond to the interest component of the Annual Percentage Rate (TEG).
